WEB DEVELOPMENT INTERN

Trainee for POS Web App Development

Awishcar.com

06/2019 – 07/2019

In Office Internship

Awishcar.com is a startup with its headoffice at Ashiana Trade Center, Adityapur.

Achievements/Tasks

- I was responsible for the development of Snapcart App, which is a POS application. I developed a REST API with Node.js which is totally agnostic and can handle all types of requests, including import and export of CSV files. I also developed the Frontend of the Snapcart App, with Angular 8. Uploaded it on a Raspberry Pi and served on Awishcar Server. The App Repository is available on Github. [🔗](#)
- I received an amount of Rs. 5000 for my valuable contribution to the enterprise.
